## President (Carly)

- PCAHA is not suspending games at this point
- LGIHA will go along with all PHO's
- Will know soon if the board will suspend the games for 2 weeks
- Typically, there are 8 games in January, there are now only 6 games with a 2-week buffer
- Need to be prepared that girls will be sick, and some teams will be shut down
- Need to come up with a plan as an association to track players as we cannot rely on the public health as tracing is not
- Vancouver and North Shore withdrew until January 16th
- If PCAHA decides to vote and there is a majority rule for all associations to withdraw, we can file an approval for LGIHA to play exhibition games

#### Suggestions:

- (1) Masks mandated in dressing rooms
- (2) In younger kids (U7-U9) come dressed, minimizing dressing room use

- (3) No APs allowed if a team is low in number for COVID reasons— games can be postponed were told they will be more flexible
- (4) Pre-game coaching done on the bench not in the dressing rooms
- (5) Install a 'circuit breaker' approx. 30% out with illness we can bench a team until team healthier
- (6) Ensure vaccine passport are checked and limit spectators, ask parents to spread out and minimize extended family members until at least the end of January.

#### Comments:

- -Mask use prior to the being on ice is a good idea, especially with players returning to school next week.
- -Asked about unvaccinated players no direction given by PCAHA for unvaccinated players, PHO is the same as 10-day vs the 5-day isolation. Point was made kids under 12 are not vaccinated or maybe only have one single vaccination.
- -Measures to mitigate risks, ensure vaccine passports are checked
- -Half the kids are already coming dressed, minimizing dressing room use will not be a problem moving forward
- -Question was posed about no spectators allowed, comment was made that under U11 have to have a parent present, uncertain if PCAHA will come up with any other suggestions about spectators, may vote on this this week
